PROFESSIONAL SUMMARY

Final-year Computer Science Engineering student with interests in Full Stack Development, Mobile Application Development, Cloud Computing, and Cybersecurity. Experienced in building web, mobile, and cloud-based applications using Java, JavaScript, Node.js, Flutter, Docker, and MySQL. Published research in cloud security and actively seeking software engineering opportunities to apply technical skills and gain industry experience.

TECHNICAL SKILLS

Languages: Java, Python, C, JavaScript

Web Technologies: HTML5, CSS3, Node.js, Express.js

Mobile Development: Flutter, Dart

Database: MySQL

Cloud & DevOps: Docker, Git, GitHub, Jenkins

Tools: Selenium, VS Code, Eclipse

PROJECTS

Language Translation Mobile Application

- Developed a cross-platform mobile application using Flutter and Dart.
- Integrated translation APIs for real-time language conversion.
- Designed responsive user interfaces following Material Design principles.

Cross-VM Network Channel Attack Detection System

- Designed a monitoring node to identify abnormal communication between virtual machines.
- Implemented packet inspection and filtering mechanisms using Python.
- Improved attack detection accuracy and reduced response time in a simulated cloud environment.

Containerized E-Commerce Web Application

- Developed a full-stack e-commerce platform using Node.js, Express.js, and MySQL.
- Built REST APIs for authentication, product management, and order processing.
- Containerized the application using Docker and implemented CI/CD workflows.

INTERNSHIP EXPERIENCE

Website Design & Development Intern | Internship Studio | Jun 2024 – Jul 2024

- Developed responsive web pages using HTML, CSS, and JavaScript.
- Improved user experience through cross-browser compatibility and responsive design.

PUBLICATION

Cross-VM Network Channel Attack Detection System

Published in International Journal of Engineering Development and Research (IJEDR), Volume 14, Issue 1, 2026.

Paper ID: IJEDR26A1063.

EDUCATION

B.Tech – Computer Science Engineering (2023–2027) | CMR Technical Campus | CGPA: 7.55

CERTIFICATIONS

- Salesforce Certified Agentforce Specialist (2025)
- Infosys Springboard: Prompt Engineering, Introduction to AI, Natural Language Processing, Data Science
- EduSkills: Python Programming (2024)
