EDUCATION

CMR Technical Campus <i>B.Tech in Electronics and Communication Engineering— CGPA: 9.52 / 10</i>	2024 – 2027
VMR Polytechnic College <i>Diploma — Percentage: 98%</i>	2021 – 2024
Telangana State Model School <i>10th — GPA: 10.0</i>	2020 – 2021

SUMMARY

Motivated Electronics and Communication Engineering student with a CGPA of 9.52 and strong analytical, problem-solving, and programming skills. Possess hands-on experience through academic projects, internships, and technical events. Skilled in Java, Python, MySQL, and engineering tools, with an interest in developing reliable and high-quality technology solutions. Eager to contribute to a dynamic organization while continuously learning and enhancing technical expertise.

TECHNICAL SKILLS

- **Programming Languages:** C, Java, Python
- **Databases:** MySQL
- **Concepts:** Operating Systems, DBMS, Computer Networks
- **Tools:** Microsoft Office, MATLAB , Multisim
- **Core Skills:** Electronics Circuits, VLSI, Analog and Digital Communication, Microprocessors and Microcontrollers.

PROJECTS

- | | |
|---|------------------|
| Design and Implementation of AI Based Smart Surveillance System | Jun 2024 |
| <ul style="list-style-type: none">– The system uses a PIR Sensor to detect motion and automatically triggers the ESP32-CAM to capture image of the monitored area for security analysis.– The captures images are processed locally using an AI model on device to accurate detect human presence without using cloud or internet services.– When a human is detected, the system immediately activates alerts such as buzzer or LED to provide real-time surveillance. | |
| War Field Spying robot with camera rotation | June 2025 |
| <ul style="list-style-type: none">– This project builds a mobile controlled robot with a night-vision camera to monitor places and observe human activities.– It sends live video and metal-detection alerts to the user through the internet, helping in remote surveillance and security.– Implemented camera rotation control and real-time wireless communication, enabling users to remotely monitor wider areas and improve surveillance effectiveness. | |

INTERNSHIP EXPERIENCE

- | |
|---|
| VLSI Intern CODETECH IT Solutions Private Limited-May 2026-June 2026 |
| <ul style="list-style-type: none">– Successfully completed a 4-week internship in VLSI Design and Semiconductor Technology– Gained practical exposure to VLSI design concepts, digital electronics, and chip design fundamentals.– Developed understanding of semiconductor fabrication processes and VLSI design flow. Enhanced problem-solving, analytical thinking, and technical documentation skills.– Demonstrated dedication, teamwork, and a strong learning attitude throughout the internship. |

CERTIFICATIONS

- **Entrepreneurship-cum-Skill Development Programme (E-SDP)** – PCB Design Manufacturing for Electronic Applications | MSME & CITD Hyderabad.
- **Cisco Certified Network Associate (CCNA)** – Cisco Networking Academy (Introduction to Networks, Switching, Routing & Wireless Essentials, Enterprise Networking, Security & Automation) | Mar 2026
- **C Programming Training** – IIT Bombay
- **Python Programming Certification** – Softech Computers

ACHIEVEMENTS

- Department Topper (Rank 1) in Electronics and Communication Engineering (ECE) for the Academic Year 2024–2025, awarded the Certificate of Academic Excellence by CMR Technical Campus.

WORKSHOPS AND TECHNICAL EVENTS

- **Hacktronics 2025** – National-Level Hackathon Participant, Anurag University, Hyderabad (Feb 2025).
- **Avazya-2K25 Project Expo** – Participant, CMR Engineering College, Hyderabad (Apr 2025).
- **Tech Vortex 2026** – Project Expo Participant, CMR Technical Campus (Mar 2026).

DECLARATION

I MOUNIKA, here by declare that the above mentioned information is correct up to my knowledge and I bear the responsibility for the correctness of the above mentioned particulars.
